Professional and Continuing Education

DEPARTMENT OF EMERGENCY HEALTH SERVICES

How to use QR codes with your device:

Mobile devices with QR code scanner integrated in the camera:

- Open the Camera app from your device's Home screen, Control Center, or Lock screen.
- Hold your device so that the **QR code** appears in the Camera app's viewfinder. Your device recognizes the **QR code** and shows a notification.
- Tap the notification to open the link associated with the **QR code**.

Note: If that does not happen automatically with your phone, you have to go to the settings of your camera to activate this.

Mobile devices without QR code scanner integrated in the camera:

- Go to the app store of your mobile device
- Search and download a QR code scanner app
- Open the app
- Hold your device so that the **QR code** appears in the Camera app's viewfinder. Your device recognizes the **QR code** and shows a notification.
- Tap the notification to open the link associated with the **QR code**.

QR code scan test. Scan the below code to see if your scanner will work for the course. If it works it will take you to a new page indicating success.
