PNCCTsm/NR Paramedic Refresher Requirements /Breakdown Comparison

If you ARE an NREMT State, the following applies to you:

- A. Complete a State or CAPCE (F1, F2, F3**, F5) approved 30 hour Paramedic National Continued Competency Requirements course or equivalent state or CAPCE approved continuing education.
Successful completion of the UMBC PNCCT will provide **30** hours of the required **National** 30 hour requirement.
- B. 15 hours of **Local** Continued Competency Requirements additional state or CAPCE (F1, F2, F3**, F5) approved EMS related continuing education.
100% Attendance/ completion of the UMBC Paramedic CCEMTP will provide you an additional x hours which you may apply to Local.
(You MUST check with your individual State or PNCCT Coordinator to ascertain which topics of PNCCT will be applicable to your State LCCR established requirements. It is possible that PNCCT will fulfill all 15 hours but you must verify this on your own.)
- C. 15 hours of **Individual** Continued Competency Requirements. Must be state or CAPCE (F1, F2, F3**, F5) approved EMS-related continuing education.
100% Attendance/ completion of the UMBC PNCCT will provide you an additional 15 hours which you may apply to Individual.
You will receive a course attendance certificate upon 100% attendance/completion of the course for 56 total continuing education hours.
- Please visit nremt.org for further explanation regarding NCCP Re-registration Requirements and breakdown of hours. Please check with your State EMS Office for your local (LCCR) topics.
 - You will earn 56 hours of F2 contact hours from UMBC thru CAPCE.
 - NCCP: In order to apply PNCCT hours to your Local LCCR Mandatory hours you must determine the local topics set forth by your State EMS Office.
 - Please work with your Site Coordinator (the course site which you completed your PNCCT course) to determine the eligible content hours which you may apply to LCCR.
 - (Your site coordinator will provide you with a complete, detailed breakdown at the end of your course, suitable for National Registry purposes.)

UMBC attests that this continuing education activity meets the National Registry guidelines for re-registration for the National Continuing Competency Program.
